

Setting up Application Environment

Create IBM Cloud Account

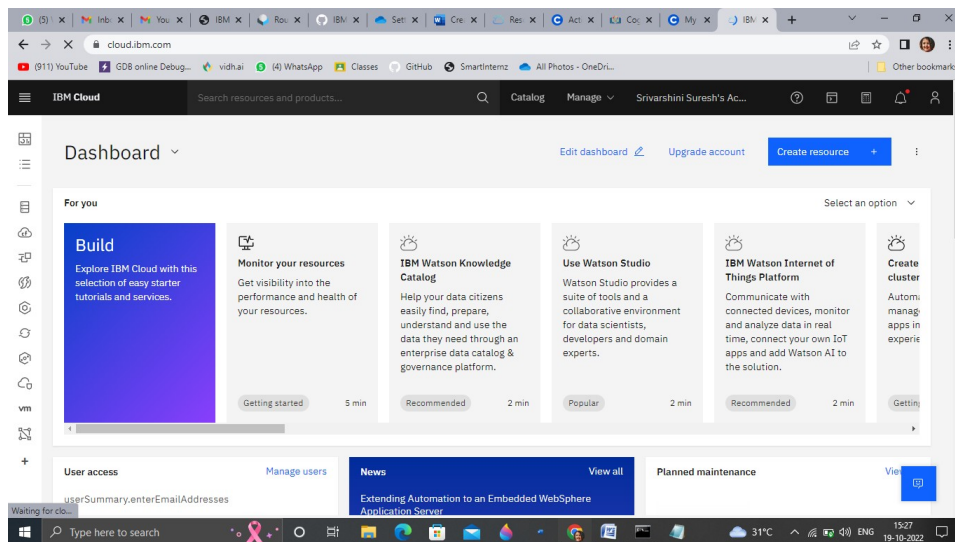

Step 1. Navigate to ibm.com/academic and register with your smartinternz mail

The first screenshot shows the IBM SkillsBuild Software Downloads registration page. The user is at the '1. Account information' step. The form includes fields for E-mail, First name, Last name, Password, and Country or region of residence. The user has entered '913119104106@smartintmz.com' for the email, 'Swarshini' for the first name, 'Swarshini' for the last name, and 'India' for the country. The password field is masked with dots. There is an 'AutoFill with LinkedIn' button. The second screenshot shows the '3. Verify email' step. The user has received a 7-digit code via email. The code '4703028' is entered in the verification field. The page also includes a 'Resend code' link and a checkbox for marketing emails.

Step 2: Now goto cloud.ibm.com and login with your registered mail id along with coupon code obtained from ibm.com/academic

The screenshot shows the IBM Cloud login page. The user is prompted to log in with their IBM ID and password. The 'Continue' button is highlighted. The page also includes a 'Forgot ID?' link and a 'Remember ID' checkbox.

Output :

Cloud account created successfully.
